

Office of Equity, Inclusion, and Community Engagement

Hello, Annie,

What is resiliency? It is actually the capacity of individuals and communities within a city to survive, adapt, and grow no matter what kinds of chronic stresses and acute shocks they experience. Explore this concept of resiliency with us during this year's **Juneteenth Celebration** and **LGBT Pride Month**. See you there!

This year, don't miss the **30th Annual Celebration of Juneteenth** at Penn Park. Later this month, join us and the Wisconsin Book Festival with **Richard Wagner, author of *We've Always Been Here*** on Tuesday, June 25, 2019, at the Madison Public Central Library.
